2012: Tools of Evolution

“Our natural journey is the evolution toward wholeness; it’s as if we are ‘programmed’ to find our way home” ~ Fran Duda

Transforming from separation to wholeness

The mere mention of 2012 brings about a deep resonance in many of us; but what’s in store for humanity in 2012 — will it be an era of spiritual enlightenment, or an apocalyptic doomsday?

No one knows with any certainty what 2012 will bring, but as we collectively focus on an imagined future, we miss the only thing that truly matters: The present moment. Awareness of the present moment holds the key to transformation of our lives, and our world.

*“One moment of awareness brings more light into the world than a thousand good deeds”
~ Tony Parsons*

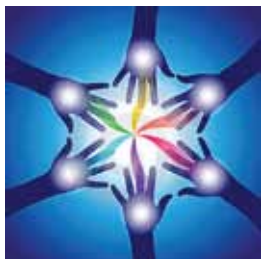

In every moment we are choosing what our world will be, either consciously or unconsciously. Through awareness, we become conscious of choices that lead us deeper into the illusion of separation, or return us to our natural state of wholeness and oneness. Wholeness isn’t thinking mind stuff — it’s not something that can be thought or intellectualized. It is a level of consciousness that can only be *experienced*.

Uncover within yourself the powerful tools for evolution and transformation that you already possess. Together we’ll use these tools to become conscious architects of transformation. All it takes is the desire to experience life differently, and reconnect with the truth of who we are.

We don’t need to learn anything new; we only need to remember what we already know. From this place of “knowing,” we access the wisdom of the ages, and transform ourselves and our world together.

“Uncover within yourself the powerful tools for evolution and transformation that you already possess.”

In this workshop, there will be no predetermined plan or agenda for how our experience unfolds. When we come together as a group to hold a space of awareness together, we will allow the highest intuitive energy of the group to guide us. Our experience will therefore be both unique, and uniquely appropriate, for the members of the group who are present on that day.
